

2nd King's Words after Midnight Prayer
01. 01. 14th Year of Cheon-gi

(A rough simultaneous translation)

The King is currently explaining that God's hammer of judgment has dropped on Japan. He mentioned at one of the rallies, *"they are not fighting me but they are fighting Father in Heaven."* He is saying that as David defeated Goliath, currently the world is as Goliath and David as Father, and the world is being defeated.

We should be celebrating the burning of Babylon, not mourning it. Many members are currently following the Harlot of Babylon. Even the so-called most faithful and blessed the earliest by Father have all betrayed him; they have eaten well and lived deliciously with the foundation of True Father. There will be members returning after the fall of Babylon. Those members will have to understand properly where their position is. Jesus and True Father should be the center.

I lost the world's wealth but I am the richest man in the world because I have the love of my Father. Father has done it all; all I can say is "Thank You."

Recently in King Bullethead YouTube Channel we dropped our latest rap sermon entitled: *"Thank you Father."* Members all across the world whether in the Philippines, Africa, Europe etc., have heard it.

The Queen has done a great job with her translation into Korean.

(The Queen reads the lyrics written in Korean)

"Thank you for the storm, thank you for the rain, thank you for the waves, thank you for the pain.

Thank you for the test, thank you for the hardships, thank you for the betrayals, thank you for the craziness.

Thank you for the dark times, thank you for the doubting times, thank you for the hoping times, thank you for the hard times.

You led me to the right way. Thank you for the straight way. Thank you for the narrow road. You never left me alone.

When I was dying in my hopes, when I was dying in my cries, when I was dying in the morning, when I was dying in the night, thank you for those days.

Thank you when you stayed while I prayed, and made me obey your way for me.

I'll never trade the journey you made for me. I'll thank you to the grave. I ride the wave as you play out the way you've paved.

With innocence, Lord, let me be the purest version of myself. Kenosis. Let me empty myself and let your grace fill me, covering myself, overflowing, overriding, overdriving, overcoming, overseeing, overwhelming, overstepping my comfort zone.

Sticks and stones may break my bones but I condone the road and you make me grow and own the fight, so I can loan insights into the path to make me strong again..."

The King is explaining about the year's motto: "**Victorious Gratitude to True Father through the Tribulation Age.**" This is the year's motto. In this era of tribulation, we thank God and True Parents for the victory They have brought.

The power that cannot be touched nor comprehended is the power of love.

Though we are in the era of the seven-year tribulation and though there is no shortage of chaos at this time, we are thankful to True Father. Thank you, Father!

In order to follow the Three Generation Kingship and Cain and Abel you burned many relationships, cut ties with many friends, but thanks to that you all have been blessed.

Look at Cheongpyeong in Korea. The Han mother put up the owl statues of Moloch. They are only expediting their destruction.

Now look at Cheongpyeong in TN. Though we are still building, we are welcomed with open arms by Christians in Tennessee for the first time in the Unification Church history. God is allowing miracles to take place in this small state.

Look at all the people here; more than half of us can't speak English. But look how God has gathered us in this room, even though America is losing its way of God. If America had listened to True Father forty years ago, this nation would have been saved, but they did not and you can see the result: Transgender, LGBTQ and all sorts of demonic activities.

God is allowing the peoples' hearts to listen and be receptive to the Word. Let's give a round of applause to God for allowing this to happen! (*Applause*)

So, on this day let us thank True Father. Thank him for his victory. If you love him, let's offer a round of applause to him. (*Applause*)

Should we speak until 7 am? At 7 we will be celebrating True God's Day, then we will have entertainment and a Blessing, the first Blessing in TN. "You are not following Reverend Moon but you will be serving Reverend Moon later," this is a revelation that the couple received. It is an era where Christians such as this couple can be welcomed at the restored Cheongpyeong.

New life is being born in TN CP.

We will be meeting you all once again at 7 am.
