Short Message from The Cheon Jeong Gung Palace, Suncheon, S. Korea

2023. 02. 12

Good morning, folks! We are here in the fatherland, the beautiful land of Korea where True Father's footsteps are all over this peninsula; historical footsteps of Christ at his Second Coming. It's incredible to be back in the fatherland and to be joined with all our brothers and sisters; so many came out at the airport. We thank them. They don't have to do that. We don't want to make a whole ruckus at the airport; we just want to come in quietly. But it's out of love, so we understand.

So, we are now back in Korea and of course back in Asia and calling the flock. People are realizing the reality of the harlot of Babylon and the FALL, the cosmic-level Fall of the Han mother. And seeing now the tremendous failure of all her prophecies that turned out to be of course false.

True Father established his Kingship line and he crowned us by his own hand; we didn't have a choice in that. Father decided his Kingship line and his Cain and Abel. And all the prophecies that we have uttered - not to be bosting or anything - have come to pass: world-level judgment, world-level economic crisis, even world- level conflicts and war which are exploding.

And not only that, but at the same time we also predicted that at the microcosmic level there would be a particular judgment; that out of all the hundreds of millions of religious organizations around the world, there would be a particularly judgment upon the harlot of Babylon's Family Federation for World Peace, succinctly known as the Family Fraud because they perpetuate fraud.

And of course, the judgment is here. Their main source of money in Japan has been totally exploded by the miraculous work of True Father in Heaven, and that was upon Father's Three Kingship, actually going back to Japan for the first time in ten years. And Father dropped the

hammer. A tragic event but nonetheless God will use tragic events for the furthering of his Providence. But at the same time, because of that, emotions are high and there is a lot of craziness going around. But God's hedge of prediction is upon us.

So, we thank you all for your prayers and we thank you all for your support. Of course, just keeping us in your hearts and your minds and your prayers is a great comfort to us and we tread these waters where Satan is around every corner, and he's looking to attack and harm God's Providence. But we know that God wins in the end and His Kingdom is coming. So, we are so grateful once again to be back in Korea and Japan.

Please pray for us because it is a dangerous mission. And of course, as more people come back to Father's authority there are people who are losing their control and their power and all that kind of stuff that they're addicted to. Then of course we know what happens; they'll become very evil and very desperate and they'll do wicked things. But we know that God foils the plans of the wicked and He causes confusion in the encampments of the enemy.

So, we are so grateful that God is leading the way and of course True Father in Heaven is doing all these miracles; opening the way for the harvest to come back, not only from those who are the lost sheep, but at the same time from those who never got to know him; those who are from the Christian worldview that never knew of Father.

Our brothers and sisters here are bearing new fruit with folks from ALL denominations now coming to know and realize the Principle, REALIZE the Fall, REALIZE that Jesus did not come for the express purpose of DYING. That was only preached in his third year of ministry, but before that he always preached that the Gospel was that of the KINGDOM of God; to establish the Kingdom of God on earth and to restore us back to the Eden landscape, the once pure hearts and minds of the beginning and start of creation.

So, folks we are here; after thirty-three hours of travel, we finally arrived in Korea. We thank you for your prayers. We thank you for your support once again. Please stay strong there; we're going to stay strong here. We'll keep you updated on a weekly basis, but I'm going to hand you over now to Dr Panzer and his lecture today.

Stay blessed! God bless! Godspeed and may His Kingdom come! We'll see you very soon. God bless! Amen!
