### Fear Not

2023. 12. 31 TN

*(Let's give a warm welcome to the Second King.) (Applause)*

All righty. Hey, good morning, folks. Good morning, morning, morning. Good morning, folks. Welcome, welcome. It's happy New Year solar; from the heavenly calendar, we have the New Year coming up in February. It is an incredible time right now.

#### **On the Image of Father's Airplane Torture**

Let's go back to the art competition really quick. Jerry was saying he saw pictures of Jews that were killed by Hitler in the same fashion; they hung them on the streets. What happens is the body does not stand straight like this; it collapses into basically a fetal position. If the body goes like this, what happens is the shoulder sockets will pop out and the arms will completely become like rubber. So, when people are drawing the images, look for those images of the Holocaust, of the pictures of Jewish massacre where they hung the Jews by the lampposts.

It's the same way they tortured and killed Father; clinically, he was dead, confirmed by the North Korean doctor. But by the power of the Holy Spirit, he was resurrected and he prayed for his killer. So, when our artists are drawing that picture, you have to keep that in mind, that the whole body basically crunches up into the fetal position and it's hanging like that. Keep that in mind when you're drawing the anatomy because it shows the full picture of the collapsed lung and chest cavity that leads to asphyxiation, suffocation, and death. Father's not just hanging from a pole or something; the entire ribcage is collapsing into the heart and lung cavity and that's what's causing the suffocation. Artists who are working on it, keep that in mind as you're drawing the picture representing these deathly tortures.

These are important because it's like looking at the picture of the cross. It's the path that Christ had to walk, the suffering course that he walked to give us the Kingdom of God,

to give us family and spouse, all the things that God was committed to in His ideal of creation from the beginning. Artists, just keep that in mind as you are drawing it.

### **Father Blessing KAHR Guns**

We are getting into it today. Shout out to our range officers. We're going to be picking up the Rod of Iron training again after service for all levels and of course shout out to our ROIK (*Laughing*) our Rod of Iron Kingdom shooting competition team that is going to be unlocked pretty soon. Our first group is going to be competing probably this month. Pray for them. And also, once we get the schedule and everything, come out to the range and we'll have the dates and locations where they're having the competitions at. As we keep going, we'll probably have a growing team that will be representing Cheon Il Guk and Cheon Il Guk culture.

So, get your training on. Everybody's on the list for the beautiful new KAHR X 9. Amazing! Finally! I've been bugging Kook Jin Nim for three years about this, "*I need a double-stack KAHR,*" and Santa finally made it happen. I know Santa doesn't exist, but Kook Jin Nim finally engineered it with his KAHR team, and it's amazing. We were shooting with it yesterday, and it's unbelievable. We have wonderful pictures from 2010 of Father at Shot Show holding the KAHR and the Tommy gun. Those are probably going to be engraved on some of the guns. They are sweet, sweet, sweet pictures of Father blessing those guns.

People have tried to really feminize Father, tried to make him into a female, a weak, scared, worrying female. That's not how Father is. Our first businesses were WEAPONS; we were making weapons. The first business Father made in South Korea was airsoft guns, and he eventually went on to make weapons for the Korean military, M1 Carbine, Vulcan cannon, etc. Those businesses, by the way, continued constantly. TIC was continuing; we had contracts with the Korean military all the way to Father's ascension.

People don't know that, and of course they try to hide that. They tried to hide that fact because they were trying to be accepted by the liberal lunatics who will never accept you because they're communists. They're fundamentally communists, and because of that they will never accept, never, never, never accept Godism. They are on the path of political Satanism, total government control, total government surveillance, total government intrusion into every facet of your life. That is incompatible with Christ and with his Kingdom.

But the archangels that were around Father, they tried to position themselves and just become famous and popular; they wanted to have higher-level guests so they could brag about them. They didn't care if that person stood for Father's values or not as long as he was just famous. This is all they cared about; which was ridiculous. They were inviting freakin' pro-abortion leaders, and I'd say, "*What the heck are you doing?*" You see what

I'm saying? They didn't CARE! It was just about, "*Oh this person is famous.*" It was so ridiculous! They became worshippers of money and fame and that's why of course they have fallen; they have fallen and they follow the harlot of Babylon heretical Satanic teaching. But every week, many are being saved. Praise God for that. Now, there is an incredible move of the Holy Spirit.

### **Training vs Practice**

Let's go to Matthew chapter 6 today. It's all about training. Matthew chapter 6, it's really about training in your prayer life. In one of the first beautiful calligraphies that Father blessed me with for my place where I trained at East Garden outdoors next to my meditation hut, he wrote *shimshin hunlyeon* 심신훈련, which means mind-body TRAINING. *Hunlyeon* is the same word, it doesn't mean practice; it means TRAINING. *Hunlyeon* means training. In Korean we use for example, *kunsah hunlyeon* 군사 훈련 meaning military exercises, military training. It's the same exact word; it's the same word that is used for training. If you say, "*The Korean men are doing the hunlyeon* 훈련," it means they're doing training. If the MMA fighters are going training, they say, "*We're going to do hunlyeon* 훈련." It means training. It doesn't mean practice, it means training.

Practice, you can do on your own without any vertical supervision. TRAINING is different; that means somebody's watching you. Somebody's watching you and you are accountable to somebody. You have an instructor, so you're accountable to that person. Training has a vertical element. That means there are people that are higher level than you watching you and making sure you're doing the training properly.

In practice you can do repetitions at home; everybody can practice and do different things at home by yourself. But training is different. Training has a vertical element. There is a master, there's an instructor, and he's pushing you, he's training you. There's a sense of accountability, too. We have to be accountable to this training. It's not just to pass the time. We're actually trying to get better.

For example, in the Korean context, if they say they're doing military exercises, that's how it's translated but it's really military training; the purpose is to increase their level. It's not just to do a ceremonial practice, it actually has a training element within it, where there are instructors watching. That vertical element is very important, because there are a lot of people who just want to practice by themselves.

Father said something great about martial arts training, that all the children have to be training soft martial arts at five years old, and then when they're older, like twelve, they can start doing harder martial arts. The reason is that when they do that training, not only do they get beat out of the delusions that they have, such as thinking they're strong and they're amazing, they're unique, thinking they're so smart and they're going to

confront the people with more experience. Huh, it doesn't happen that way. It does not happen; that's not reality.

So, it breaks the video-game delusion that many young people have when they enter the real martial arts training, and through that training, then we develop character. We start learning how to not be delusional and be honest, and how we need instruction. For us to get better, we need to have people that are better than us, that are training us. There's almost nothing in this world you can do by yourself and get high level at it; almost nothing. You must have an instructor, even if YouTube is your instructor. There are still very high-level instructors on YouTube. But of course, all that stuff is just beginning level; usually that's what they have.

Just as in the physical realm we have training, so too, in the spiritual realm we need to have training. Even in our parenting realm, you're not born knowing how to parent; you're just going to copy what your parents did. Let's say your parents had bad habits; well, you're going to copy those exactly. When the stress happens, in psychology, that's called learning performance. So even though you think you may act differently, when a certain stress load is reached, you go back down to your base level. In fighting too, same way, martial arts training, same way; you will go back to your baseline. You will not come to the things that you're learning and that you have not internalized yet; always, you're going to come down to the baseline, to your actual baseline level.

That's why you want to increase the baseline level, because then you're going to perform on a much higher level when you're under stress load. Stress load is going to bring you down a little bit but it's not going to bring you way down here like a beginner baseline; it'll bring you here. You see that? That's why the training is so very important; training is very, very important.

#### **Matthew chapter 6: 1-4**

This chapter is pretty big and it's divided up into: giving alms to the poor, prayer, fasting, storing up your treasures in heaven; it's divided into a variety of topics but of course we can see how Christ is telling us to watch and monitor our hearts and our honesty when we're doing these things. So, let's look through it; we'll look through it really slowly today. Everyone wants to speed up but slow it down.

Let's look at chapter 6 verse 1; let's read together.

*<sup>1</sup>Take heed that ye do not your alms before men, to be seen of them: otherwise ye have no reward of your Father which is in heaven.*

*<sup>2</sup>Therefore when thou doest thine alms, do not sound a trumpet before thee, as the hypocrites do in the synagogues and in the streets, that they may have glory of men. Verily I say unto you, They have their reward.*

*<sup>3</sup> But when thou doest alms, let not thy left hand know what thy right hand doeth:*

*<sup>4</sup> That thine alms may be in secret:*

### **Tithing with a Pure Heart**

This can be alms to the poor; it can also be donating. That's why we don't pass the bucket around or the ammo can. Some guys are like, "Bro, you should pass around an ammo can." But we don't pass one around because people should be able to do what God is instructing them to do. When you pass around the ammo can or a bucket then people are watching, "Oh, he gave ten bucks; oh, he gave..." Do you see what I'm saying? It becomes a little competition; it becomes more performative. Yes, those megachurches do that; they make a lot of money off that, but it's not focusing on the heart. What is the heart?

The first section is saying, alms to the poor, alms to support the ministries of God, etc. Well, we don't do that in front of people. We do it quietly, we do it with a pure heart. That's what Father was talking about. We do it praying about it; with that kind of prayerful heart.

### **On Proper Money Management & Giving Alms with Heart**

For example, in Korea, when Father made me world president, I said, "All ministers must do tithing too." Because guess what? The ministers weren't tithing. They were telling the membership to tithe, but THEY were not tithing. So, I said, "What the heck is this? You're putting it into your life insurance saying that's tithing. That's not tithing! How are you going to set an example to people if you yourself are not doing it?" That's the first thing we did. I created a big ruckus within the Korean and the Japanese churches because those shenanigans had to stop. We've been tithing from a younger age, but of course, Kwak and those who were in the world president position, they didn't think they had to tithe; those people thought they were above it. Their children they didn't think about it; they were not even taught that they should tithe.

Our children were taught very young, "No, you got to tithe." You teach them proper money management when they're younger, in a simplified way obviously. So, for example if grandma or grandpa gives you ten bucks, well you don't just have ten bucks to spend; that's an IRRESPONSIBLE way to learn how to deal with money when you're young. When you're raising your children, you want to teach them basics. Let's say grandpa gives them ten bucks, then five dollars they have to what? Save. This is just general. They should save 50%; five bucks they should save. One dollar or their tithe they should share with the community of God, and then the four bucks they can spend. So, they have ten bucks, but they can spend four. You see how that works?

Kids can learn that at a very young age. They can start digesting this when they're young, as long as the parents are teaching them, helping them to break down that money if it's a dollar, if it's ten bucks, if it's a hundred dollars, whatever the case may be. You're helping train them so that as they grow, they're not just foolish with money and when they have it they spend it. That's a terrible way, right? That's a bad way; you don't want to do that. When you have ten bucks, you don't want to spend ten bucks. You'll be very poor very quick; not good.

You always want to prepare for the future and future contingencies especially if you have to lead a family. If you're a man you have to lead your family. Not only do you have to provide but you have to LEAD your family which means you have to prepare for contingencies if bad things happen. If you are not doing that, the Bible says you're worse than an unbeliever, and heathens and unbelievers they're going to hell; they're not in God's favor obviously.

There are things that the father and his sons, we are called to do. That's why we train our kids YOUNG. When they get even a dollar, then we help break that dollar down and that helps them understand how to break things down. That helps when you get older, when you're given a tip at the restaurant etc. You learn how to break things down, so when the kids get a dollar from mommy or when they did this or that, you don't have the whole dollar to spend. Fifty cents have to go in a piggy bank, ten cents have to go to God's work, God's community and forty cents go buy your Nerds and Tic Tacs and whatever you're going to buy. You see how that works?

But this is a training; this has to be repeated so children start internalizing this understanding, start internalizing these values. They start training and not only do they just go through the motion of it, but they are internalizing it and understanding the meaning of it.

In the beginning of Matthew 6, in this section here, when the Bible is talking about giving alms to the poor or doing the work of God, he's saying, "*Don't do it privately, do it quietly; don't boast about it, don't brag about it, just do it quietly. God knows, God sees.*" So again, this whole chapter is focusing on our heart state, remaining honest in our hearts and not deluded.

### **Matthew 6: 5-15**

#### **Prayers**

Let's jump down to verse 5.

*<sup>5</sup> And when thou prayest, thou shalt not be as the hypocrites are: for they love to pray standing in the synagogues and in the corners of the streets, that they may be seen of men. Verily I say unto you, They have their reward.*

*<sup>6</sup> But thou, when thou prayest, enter into thy closet, and when thou hast shut thy door, pray to thy Father which is in secret; and thy Father which seeth in secret shall reward thee openly.*

*<sup>7</sup> But when ye pray, use not vain repetitions, as the heathen do: for they think that they shall be heard for their much speaking.*

*<sup>8</sup> Be not ye therefore like unto them: for your Father knoweth what things ye have need of, before ye ask him.*

*<sup>9</sup> After this manner therefore pray ye: Our Father which art in heaven, Hallowed be thy name.*

*<sup>10</sup> Thy kingdom come, Thy will be done in earth, as it is in heaven.*

*<sup>11</sup> Give us this day our daily bread.*

*<sup>12</sup> And forgive us our debts, as we forgive our debtors.*

*<sup>13</sup> And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, for ever. Amen.*

*<sup>14</sup> For if ye forgive men their trespasses, your heavenly Father will also forgive you:*

*<sup>15</sup> But if ye forgive not men their trespasses, neither will your Father forgive your trespasses.*

So, this is now dealing with prayer. Christ at his time, and even Father at his time is dealing with people who are praying in the street trying to get almost like a religious competition. This is what religions do; it becomes almost like a competition, who can pray more, who can fast more. It becomes like this. So instead of focusing on God, it becomes a focus on who's the bigger BA with spiritual training. Do you see what I mean? It becomes like that. We lose our focus on God in this type of prayer, and it becomes about a competition with another person - which it is not supposed to be about.

Prayer is to be about repentance, building the relationship with the Father and listening to things you do not want to hear. Because guess what? Our Father in Heaven literally tells us all the time everything we do not want to hear. If He is telling you all the things you want to hear, it's probably the Devil. No! He's usually correcting and telling us all the things we don't want to hear, like how stupid we are, how foolish we are, how sinful we are, how idiotic that decision was, etc. reminding us of those things.

### **Stress Inoculation**

Well, those are real but He doesn't leave us here of course; He leads us to the next stage," *That was dumb, that was a big mistake. Now, come here! This is a season of tests I'm going to give you. I'm going to disappear.*" Just like in Job. There's a season of tests and God doesn't respond. You're left out hanging, crying and praying and crying and praying, and there's literally no response. But in some seasons that we have, that's part of our training, building up our stress load.

It's the same thing we do in any type of functional martial art training or whatever. We have the student practitioner; we build up their stress. We do things like stress inoculation. You do this in psychology as well by exposure training. Stress inoculation is

giving the person that stress load that they're going to encounter during a confrontation or something; it's giving them that stress load purposefully.

As you increase that stress load, at the beginning people freeze, people don't know what to do; people blank out, they can't respond. That's normal. Sometimes they pee, sometimes they want to barf. It's very normal and everybody goes through it. But building up that stress inoculation makes you what? It makes you more tough against what? Heavier loads of stress. That's called loading too; you load. It's like you're rucking with a big pack, you load yourself down, and then when you go to a lighter pack- woo! - you're flying. You feel like you're flying; you feel like you got wings on your sneakers or something like that. All right, it's called stress loading; that same kind of training is giving us that stress load.

### **On Prayer**

Now, God will do this in our prayers too, right? He's not obligated to answer us whenever we ask a question because how many times would He have to answer us per day? He is not our slave or our servant; He's not a genie. You can't just tug on Him and say, "*Hey, give me an answer; I want it now.*" He's not your servant. Amen! HE is the master; HE is the Father. It is not beholden upon Him to give an answer if the question is stupid. How many know kids ask stupid questions sometimes? In the liberal government schools, they say, "*Oh, there is no stupid question.*" Yes, there IS stupid question. What are you talking about? There are really dumb questions. Are you kidding me? Not all questions are intelligent.

That's the same thing; God doesn't have to answer the questions, which we many times know the answer to. We already know the answer. We just want to be told the opposite. (*Laughing*) Right? But that's not how it works. He's not a genie, He's not our servant; He is the creator. He has TOTAL authority over us. He can kill us at any moment; He has life and death power over us. He gives us life; He also can TAKE it away. So, with that kind of person, you don't have ANY leverage to say, "*I demand this now.*" Are you with me folks? You see how that works? There is no leverage whatsoever.

There are times when we say, "*Well, I've been asking that in prayer. I've been praying, praying and asking, asking, asking.*" Yeah, God didn't answer? So what? He is ENTITLED not to answer questions; He doesn't have to answer our prayers. Many times, NOT answering is the answer. When He's not answering He's telling us, "*This is not a good question. You know the answer. Don't do this. Don't play these games.*" So, God's non-answer is an answer. Amen.

This part of Matthew chapter 6 is talking about developing that prayer life where we are not trying to hold God down like a genie, we are not trying to use Him as a tool to get accolades in front of people. We are seeking Him in the closet; it literally says in private,

in prayer. It's not performative; it's the training to develop a relationship with Him and to be okay if there's no answer. That means you have to do what? Trust Him.

If I ask Father a stupid question and He doesn't give me answer, I TRUST Him still. And I know that in due time I'm going to realize why He didn't answer that stupid question, because I probably knew the answer to it. You know how that goes. You kind of wake up to that as you confront and face the different twists and turns and vicissitudes of life.

### **The Lord's Prayer**

The Lord's Prayer is here too; the Lord's Prayer which begins in verse 9.

*<sup>9</sup> After this manner therefore pray ye: Our Father which art in heaven, Hallowed be thy name.*

*<sup>10</sup> Thy kingdom come, Thy will be done in earth, as it is in heaven.*

*<sup>11</sup> Give us this day our daily bread.*

*<sup>12</sup> And forgive us our debts, as we forgive our debtors.*

*<sup>13</sup> And lead us not into temptation, but deliver us from evil: For thine is the kingdom, and the power, and the glory, for ever. Amen.*

*<sup>14</sup> For if ye forgive men their trespasses, your heavenly Father will also forgive you:*

*<sup>15</sup> But if ye forgive not men their trespasses, neither will your Father forgive your trespasses.*

Forgiving people and then moving on with it is a very important personal practice. Now, that doesn't mean you accept what they're doing; that's very different. Forgiveness and accepting sin are TOTALLY different. Forgiveness doesn't mean, "Okay, I'll accept your sin." NO! You have to fight sin, stand against sin; we REBUKE sin. The Bible says we have to SPEAK against unrighteousness, so you have to FIGHT sin, you have to FIGHT the sinful culture, FIGHT and confront sinful groups like LGBT and communism, all this kind of sinful groups. You have to FACE them, you have to FIGHT them, you have to CONFRONT them, but you don't do it with evil intent. Are you with me folks?

### **Punish the Pedos**

For example, let's say there's somebody who's raping children. The victim may be able to forgive, but that person has committed a crime against all society. So, in Matthew 18:6, Jesus tells us, "*If anyone causes one of these little ones – those who believe in me – to stumble, it would be better for them to have a large millstone hung around their neck and to be drowned in the depths of the sea.*" The punishment should be worse for pedophiles and pedos; it should be worse than being drowned in the sea. When you commit a crime against SOCIETY you MUST be PUNISHED and the punishment must be scary.

David Harris just put up a post of a trans; it was a male dressing up as a girl, trying to hook up with a thirteen-year-old girl. <https://www.instagram.com/p/C1cMlz2sv6f/>

In that conversation, he's on camera saying, "*Yeah, I don't think there's anything wrong with having sex with a three-year old.*" You see what I'm saying? If they're soliciting sexual contact with a minor and that is a crime, well they should be WHOOPED bad. There should be bad punishment; not just you get a slap on the wrist and you're out the next day. They should be whooped bad. If you are predating on children, there's nothing wrong with public floggings. In Singapore and Asia, they do it; in many places around the world, they do it.

In the West they say, "*It's BARBARIC!*" NO! YOU are BARBARIC! By you not punishing the wicked people, YOU are being barbaric against children! Because now that one pedophile is going to harm seventy-four children on average. So, YOU are the barbaric one! You see, we could have handled this very quickly with some of our martial artists and the sticks and teach him a quick lesson. It is the WESTERN world that is TOTALLY barbaric in letting these demons continue having no punishment and letting them hunt children freely. That is barbaric against whom? The children.

In the Kingdom of God local laws will be controlled by the local people, so they can make all sorts of laws. They're going to get very creative. Let me put it this way; there's going to be a lot of creativity and how you punish bad.

### **Personal Forgiveness vs. Societal Jurisprudence**

Now, even though you punish crimes, still it doesn't mean you harbor hate in your heart. Amen! You can punish somebody who did a terrible crime against children and still love that person; those two are not exclusive. In fact, if you don't punish that behavior, what's going to happen to society? Well, it's going to get like California where all the pedophiles gather because they know they're not going to be locked up; they probably are going to be promoted, they're going to be invited to a Satanic elite club. You see? And then you will have a TOTAL degradation of society because you did not stand strong against that.

So, when we forgive somebody that is one issue, and ALWAYS, we recommend to forgive, but if a crime has been committed against society, well then also punishment must be enacted for the sake of all those who are harmed in society. That's how you forgive that person, by giving them the just punishment in society. Do you see how those two differ? Personal forgiveness and societal jurisprudence are two different issues but they have consequences; you never want to be light on evil actions, never especially against children, never.

### **Pedophiles in Catholic Priesthood**

Otherwise, you become like the Catholic Church which is literally run by a pedophile ring and they're raping boys. Actually, there are a lot of gays in the Catholic priesthood.

50% plus of Pennsylvania priests are pedophiles. 50%. That was released by the state of Pennsylvania. Hello! By the state of Pennsylvania. That's not me; it's the state of Pennsylvania. More than 50% of the priests are raping boys, so there are a lot of gays in the priesthood.

Why? Because that organization covers for it. If one priest is raping boys, they'll just move him to a different area. They'll move him to South Africa. You don't think he's going to be raping boys in South Africa? Then they'll move him to Latvia. Well, you don't think he's going to be raping children there? You see what I'm saying? All they do is cover; they just move him. In Korea if you were told, "*Oh, that priest went to Rome; he went to Rome all of a sudden,*" well what happened? Probably something has happened to him. He's raped or molested a child. That's why now he's being sent to Rome to be what? To be reprimanded? To be re-educated? No! PROTECTED and then sent somewhere else. That is a DEMONIC organization, demonic. Those kinds of pedophile priests must be PUNISHED with big, big, big, big, punishment. Why? Because they're standing in the position of priesthood, so that's a GRAVE sin against God; grave, grave, sin against God.

### **The Adamic Culture of the Kingdom of God**

In the Kingdom culture, local people will have power to determine the laws; federal will not be able to take over the power. So, it gives tremendous power to your neighborhood. Not the state! Your neighborhood will have the power to decide. This is phenomenal! Tremendous authority is given to the people.

That's why the people have to rule not by emotion but rule like the Father. The New Testament church is the bride church, the feminine church waiting for the Bridegroom. But when the Bridegroom comes, the church becomes what? Adamic! Father talked about the Kingdom of God as Adam culture, NOT Eve culture. It's the Adamic culture which means ALL the sons and daughters become like the Father. Even though they're male and female, they have to become like the Father, like the shepherd.

In the same way, the daughters who are raised up in the Kingdom culture they cannot just be weak emotional junkies lashing out with emotion and always playing the victim card. NO! They have to do hard training, they have to respect their husband, they have to do dangerous stuff and be pretty cool and BA, but at the same time be realistic, not be deluded. And of course, have a greater heart for being a protector; not just saying, "*Oh, my husband will protect me.*" No! You also, as a daughter of God, queen and evangelist taking responsibility, you have to be a good Peace Police and Police Militia woman to train.

That's a wonderful culture, by the way, because it not only keeps you healthy, keeps your blood flowing, keeps you looking great into your forties and fifties; all those plus

benefits. But at the same time, it sharpens your skills, it builds community; you actualize God's word, "*Love God, love your neighbor*," and you actually create a safer society because you are actively involved. You see, you are not outsourcing that to government that always lies and steals. You are ACTIVELY involved in creating the culture of safety for all the children, for all the people who can't defend themselves, for all the weak or the blind or the poor, all those you're creating a protective society for.

But training is also investing in your mind-and-body unity. In the external world, they say, "*Well, you've got to invest in you.*" That's not the purpose, right? Mind-and-body unity is for returning joy to God. I guess you're investing in you, but it's really investing in your mind-and-body unity, so you can be a better receptacle to return joy, and also create, on a horizontal level, a safer place for people to live and grow families and have barbecue on the weekends and have great times and just build the Kingdom. Amen! There's so much win-win going on in the Kingdom, it's incredible.

### **Honor & Worship the Father Only**

But when we are praying, God doesn't like the performative prayers, because it has gotten to the point this is like what we call accretion in the church. There's a beautiful video on idols in Catholicism or Eastern Orthodoxy from a Protestant view, why that's bad. There's also a nice video by Gavin Ortlund. My younger sons put me on to him; he's excellent. He's a Protestant apologist but he's very charitable to the Catholic and Orthodox debates. He really represents their positions almost exactly to a T.

<https://www.youtube.com/@TruthUnites>

[https://www.youtube.com/watch?v=\\_ytYX4dXpRo](https://www.youtube.com/watch?v=_ytYX4dXpRo) (*Icon veneration is clearly an accretion*)

The whole thing is on praying for the dead. This is a big thing, because Father taught on the spirit world. If you're a Protestant or just raised in America, you kind of are under the notion that Protestants NEVER pray to the dead; that it's always been a no-no. Is that true? That's like the general kind of knowledge, "*Yeah, Protestant. That's bad, right? You can't pray to the dead,*" and all this kind of stuff.

He actually gives like a two-hour lecture breaking down all these Protestant things from Martin Luther throughout all of history, showing that it's quite a widespread Protestant tradition to pray for the dead. You are not praying to them for salvation obviously; the Catholics are not doing that either.

However, for example the Protestant attack of the Catholics is that in the beginning maybe Catholics are praying to the dead but as time went on, and this is called accretion, it slowly starts gathering like a snowball in a bad way. So, by the time you reach the medieval period, boy, these Catholics they are praying like insane prayers; these are totally idolatrous prayers. They're not even mentioning Jesus. They're saying,

*"Mother Mary, you are my only hope. I need you for ..."* What religion are you in now? You see? It's no longer centered on Christ; it's now centered on Mother Mary. And then it's this and that saint, *"Give me ..."* Oh, my gosh! It has gone so far.

In the beginning it may not have started like that but over generations it just got worse; it became more pagan and at some point, it became totally idolatrous. This is why the Protestants were attacking it so hard. They were attacking the giant snowball that was now a pagan-like prayer life that these "Catholics" were doing in the Middle Ages. They hardly recognized Jesus in these prayers. Oh my gosh, it's scary! I mean you see that video; he actually has all the quotes and it gets really bad. That's what the Protestants were railing about. Then he gives all the views of all the main writers of Protestantism; they actually say that they pray for those who have passed. But always being cautious always danger, danger, danger, that person is not Jesus; that person is not Christ. Amen!

Kang True Mother, she always said, *"Never worship me. You bring me joy by what? Worshipping the Father. Honoring True Father; that's how you bring me joy."* So, watch! Over a period of hundreds and hundreds of years, there will be people that try to worship the icon of Kang True Mother. But we have her OWN warning, and we have my own warning, and the Third King Shinjoon, who's sick today. Most of my kids got a cold.

### **On Covid**

By the way, the new covid variant, have you heard about this? Remember if you said three years ago that this most likely started in a lab in the Virology Institute in Wuhan, if you said that three years ago, you would be deplatformed, you would be demonetized, you would be censored, you would be called conspiracy theorist. They'd be saying there's no evidence for that; all the science points against it. Now what are they saying? They're admitting; they're admitting that patient X was who? Patient X means the first person who got sick. Who is patient X? It's literally the scientists in the Wuhan Virology Institute labs. These idiots have now confirmed it. Patient X, we know who it is; they are SCIENTISTS in that biolab! Give a break!

<https://www.forbes.com/sites/ericmack/2023/06/15/covid-19-patients-zero-in-wuhan-identified-boosting-lab-leak-theory/?sh=766d577a23b2>

Anybody who had common sense three years ago said that. It just so happened to come from Wuhan. There just so happens to be a Wuhan Institute of Virology where they are expertly studying and growing the Corona virus and many different variants through gain-of-function research. Whoops! It just started from there, but if you said anything, *"You're racist, you're China phobic,"* all this stuff. Remember this? Patient zero IS identified as literally the scientists in that lab. Give me a break! These people are so EVIL!

I remember how much for three years, they ATTACKED us and anybody who had half a brain, while they were trying to do, *"Conform, conform, conform! Wear your mask, shut up,"* and obey all these new regulations and laws and surveillance and endless nose swab jabs of your brain. These crazy lunatics, with all these compliant, weak people, *"Oh, yes, yes, government master, I'm your slave."* It was ridiculous.

But now three years later through microevolution, where is the virus attacking? It's not only attacking the blood system. The spike protein guess where it's attacking now? Guess where? Now the evolved program, what is that attacking, folks? What are the new symptoms? It's your GI tract. The new symptoms are now digestive problems, which is what? The GI tract is the seat; it's the THRONE of your immune system.

So, you have a bioweapon leaked to scientists in the Chinese Communist criminal genocidal government lab that Fauci and the US government were illegally working with, doing gain-of-function research which is weaponized -that means it's a weapon-going above anything that has ever been in the natural world, and guess what? Now the spike proteins and the coagulation of myocarditis, it's not only attacking your blood, it's now attacking the GI tract, which is the center of your immune system.

<https://www.medicalnewstoday.com/articles/gastrointestinal-symptoms-in-covid-19-what-do-we-know-so-far> So now they're getting the whole world; they're reducing and hurting their immune system, which affects everything, right? It affects your brain function, it affects your heart, it affects everything.

### **Trump & Jan. 6**

Isn't that interesting? Just in time for the election, too! Just in time for the election. Boy, they don't want Trump in there! All these communist states like Colorado and Maine trying to come and say, *"We're taking him off the ballot."* Of course, they're losing, but it's just wasting time. And that's their process, *"By any means necessary, get this man out, because he is a threat."* Even though he's not perfect, he's a threat to the establishment. He's going to stand up for the normal person.

He's the only president by the way that has gone in there and his net worth has plummeted; his money has plummeted. He didn't grow any money going into office. <https://edition.cnn.com/2020/09/09/politics/forbes-400-donald-trump-wealth/index.html> All these other loony politicians they go into office, they get RICHER; Trump got way poorer. So, he's not concerned about the money obviously; if he was, then he would not be doing it. Amen!

And of course, they're threatening him with lawsuit after lawsuit after lawsuit, taking him off the ballot as in Venezuela, Cuba or North Korea, taking your opponent OFF the ballot. Claiming it's an INSURRECTION, when all the Jan. 6 videos have come out and SHOWN that it was a "Fedsurrection". The Feds were in it; the CIA and FBI were

causing the raucous. They were opening doors with the capital police. They were standing down, AND they were shooting concussion grenades and they were shooting tear gas to the protesters who were peacefully protesting. All the videos have come out.

So, it was not an insurrection as they say, which is the reason why they lost in Colorado and he's back on the ballot. They're going to lose in Maine, and the district attorney there that tried to do that is now up for impeachment, which she should be. Lunatic. But you see what I'm saying? They're pulling all the stops out. Why? To keep this globalist EU and Rothschild-controlled political establishment over the people. And by the way if America dies, folks, ALL the world is going to be under tyranny.

That's why God's providence is moving very STRONG in America and that's why 2024 is going to be a year of insanity. It's not even beginning, folks; how crazy it's going to become. Not only with the bio weapons that they're putting out with the new ones that attack the immune system and they attack young children's lungs and give them pneumonia, which kills them in a very slow and suffocating way and makes their parents grieve terribly. Not only that!

Of course, as things escalate Trump only gets more popular. Every time they try to do this craziness, they give him more lawsuits, they try to indict him, they make him a federal felon with RICO charges, but the more they do this, the more they show their true colors. They are a corrupt illegal TREASONOUS group of criminals that is trying to get rid of somebody who will stand up for the people on his OWN dime, and lose lots of money to stand up for the people because he actually loves the country. That man is a patriot; even though he's not perfect, he's a patriot.

### **On Government Propaganda**

People can see clearly now because of the media. And hey, thank God! Actually, Elon Musk is turning out to be a big patriot. Now can he be the Manchurian candidate? Look, Elon Musk, by the way, he obviously has many contracts with the federal government, but what he's doing with Twitter ... If we didn't have Twitter, EVERY single platform would be controlled then; every single platform would not allow an opposite view. Twitter is literally the ONLY place out of all the main platforms which are really social squares that ALLOWS for the OPPOSITE view of the mainstream media, of the narrative of the government. You understand? If you have only the government's view that is broadcasted on media that is not news! That is Venezuela and Cuba and North Korean PROPAGANDA. It's not news.

The news is supposed to be with these journalists that are trying to uncover TRUTH and trying to get both sides and then let the person decide. NOT have the government talking points go out, *"COVID is going to kill you, put your mask on, put your mask off, put your mask on, put your mask off. N95 will work, they won't work; they will work, they won't*

*work. The vaccine is fine, don't worry. OH! We have an unprecedented number of deaths with heart failure in young people BUT we don't know why. The scientists are baffled; SUDDENLY all these people are dying but we're completely confused as to why that's happening."* REALLY? Really?

It has nothing to do with mRNA gene therapy that has NEVER been approved anywhere in the world to be pushed through quickly and FORCED on the population with threats of losing your job, threats of not being able to trade for your labor, threats of you being cut from here and there, threats of you not being able to go to hospitals and receive care and treatment for cancer and see your relatives who are dying. ALL these ridiculous totalitarian threats that we had to live through.

We saw that all around the world by the way. EVERYWHERE in the world you had to live under this ridiculous world government tyranny and it only proved to the people who were not foolish that there is a world government. And that they can organize the entire world to tell the entire population of the world to OBEY the commands of this evil Satanic PEDOPHILE elite that rapes children and blackmails one another through the Epstein Mossad and CIA sex rings- which is now coming out. Uh-oh? Are you with me folks?

### **On Fasting**

That's why it's not only about having faith but also that's why actions matter. In Matthew chapter 7 we see that as well, *"He who DOES the work of my Father, he will be with me."* Fasting as well, it's not to be recognized but to be one with the Father. Do it for the sake of His Will, His providence, *"THY Kingdom come, THY Will be done."* That's why we do the fasting; we do it to encourage God, *"Father, I'm with You, I'm with You."* It's not like, *"I am the center of the universe, so if I fast, then all these things in the universe will line up and then..."* Come on! Stop reading this pagan astrology. We do the training so that we bring joy to Father.

### **Raising Up Grandchildren**

We had one of our granddaughters. She's getting to the age when she is now becoming a wrecking ball for everything. Grandpa's got a little tea table; I got a teapot, which I have to always put in an elevated position so she can't grab it. You have to make all these extra shelves. That's just how it is; it's the name of the game. But I left my Japanese incense out. The Queen and I come in the room, the incense is everywhere and the granddaughter was saying, *"Heeeeeee."*

Grandma was like, *"Oh, clean it up, Okay baby, clean it up. Put it in the box."* We say, *"Goal in."* In soccer, you hit the ball in the net and you shout, *"Goal in!" "Goal in, goal in. Okay Put that in; goal in, goal in! Okay."* They love that game. Cleanup is "goal in" game. So,

they did a "goal in" game, but the baby now goes to the rice. She runs to the rice and she pulls that rice and throws it. Grandma says, "*Ah, don't do that! Put that goal in back, goal in back.*" She goes back and throws another one. She's getting to that age; in English we call it the terrible two, in Korean, the terrible three.

She's doing this thing and the Queen says, "*It must be very frustrating for God to see this happen; every generation, same old thing over and over. It just must be so frustrating, just every generation, the same thing over and over.*" But I say, "*Baby, think about it this way though. If you created a car and the car was working as you programmed it, you'd actually be happy.*" Is that true? You're happy about it. God made them that way. That's how they start interacting with the outside world and understanding sociological boundaries. This is how they start interacting with their tribe. We have to train the next generation. It's annoying as a *shmita*. I got to be honest; it's annoying and it's boring because we already know the pattern. We've already been there, done that.

But think about it from God's perspective; it's fun, it's fun. Because His system is working just as planned. His program is working; that child is working just as God made him. The child is now starting to interact and learn more and more sophisticated ways of interacting with the community. But of course, there has to be guidance; there has to be learning the proper boundaries. They can't become a ruckus and a menace. If parents who don't discipline their child to create the proper boundary, that child becomes a menace. Amen.

That's why if there's no daddy in the home, you have skyrocketing physical violence, you have skyrocketing jail rates, you have skyrocketing dropout rates; all that because there have to be boundaries that are created for that child. But it has to be done fairly and judiciously. It can't be done in an over-emotionalized, emotional junkie way where you actually have the opposite effect. It has to be done fairly and understanding the larger picture.

When you see it in that perspective, then it goes, "*Oh man, that's funny.*" She told my daughter about it, "*When I said it must be annoying for God to see this over and over, Appa said, yeah, but you know, God created it that way.*" So actually, for God's program He's like, "*Good, it's working properly.*" From the creator's standpoint it's working just as planned.

### **On Just Parenting**

And now what's required is the give and receive action and the parenting level to help raise that child up. That's where the parenting training and the parenting learning is so very important because that's how we increase our skill and understand about parenting. You do not want to just be wing parenting. Trust me. Do not wing it with parenting. That's the one thing; you don't want to wing it. Wing it means, saying without thinking, "*Oh, I can do that. I know how to do that.*" This is kind of ridiculous.

No, you don't; if you think that, you definitely don't know what you're doing. Don't just wing it. You're going to repeat the same mistakes that your dad, your mom made; you're going to repeat them onto your children. Do not do that. You're going to pay. Trust me, you are going to pay for it if you do that. They will come to revenge you. Trust me. They're coming; your kids will come to revenge you if you do that. DON'T wing it. Train, learn, mind-body unity, don't be emotional, don't be emotional junkie, respond to them justly, and have fun. And you go through the training; it helps so much.

Okay, but do not wing it, otherwise you are in for a big beating that's coming probably about the fifteen-twenty-year mark. It's coming; a big beating's coming, a lot of heartache, a lot of pain for probably forty, fifty years. So don't do that. Don't do that. Be wise. Get into the training.

But we don't do that just to show people we're going to train. We really do it for the right purpose of God's Will to be enacted and for His Blessed Central Families to be strong. Amen. That's God's Will. Is that God's desire for His Blessed families to be strong? (Yes) Is it His desire for them to be weak? (No) Of course not! So, when we do the training, we're not doing, *"Hey, I'm in the class. I want some praise."* NO! Do it for your children, the next generation, for your own training and development. Get in that training and practice the JUST parenting. Not stupid parenting, foolish parenting, unjust parenting, abusive parenting. Don't do that. Practice just parenting.

And again, you know me I am not against the rod or having to whoop your kids. All my children knew if they tried to attack Mom, they would get a beat down. Daddy would beat them down no problem. And they train with me so they know that I can do that very easily. So, I don't have a problem with that, BUT I have a problem if it's used unjustly because that turns the children against God and it makes them BLAME God for the parents' stupid decision to whoop them out of emotion because of their lack of control. THAT's not on God; that was the parents' fault.

That's why you want to get into the training early before you're a parent or when you're a young parent; get in this early so you know what to be careful about, you know how to control your emotions - that's very important- you know how to stay on top of them and you know how to focus on God's WILL. Fasting is the same way. Any of the spiritual training, it should not be to show off; it should be for the benefit of God's Will. Amen. So, fasting the same, parental training the same; it's not to show off, it's to do God's Will.

But guess what is so amazing? When God's Will is done with the spousal training and the children training centered on God and giving glory to True Father, when that's done, YOU get so much benefit. Young parents, you understand what I'm saying? You get so much benefit. You get a generation of your children that are not your enemy. They appreciate the level of self-discipline, self-control that you exercised over them. You get

a generation of children that are thankful that you COULD have acted stupid, but you didn't. Because when they look at their friend over there, those parents act stupid. You see what I'm saying? They can see the difference.

### **Through Training We Get Better & Better**

That's why it's very important to do training. Training is so good because training makes us better. You don't have to be perfect. That's a great thing; you don't have to be perfect but through training you can get slowly better, every day a little bit better. That's the wonderful thing about training, you can get better and better little by little, and you don't have to be perfect because nobody can be perfect as God is perfect. Amen! But we are striving through training to get better every day, better every year.

That's another important thing also when we are analyzing our life in marriage. When you look at our life in marriage, there's up and down, up and down; sometimes you fight, sometimes you do this and that. But compared to one year ago, is your husband-and-wife relationship tighter, stronger or is it weaker? That's where you fail or succeed. You compare it not with yesterday; you compare it with one year ago because then you can see a bigger picture.

Now, if you look at one year ago and you say, "*Yeah, my husband-wife relationship has become better,*" okay, you're doing great. You're doing great. That's a huge victory. Go out and celebrate. Have a great meal; go get some French or Italian food of whatever. Have a great date and a romantic night. Have a wonderful time. CELEBRATE that victory. I know it's New Year in solar, and we really are not in New Year on the heavenly calendar. But anyway, you understand the point, right? You celebrate it. Celebrate that victory.

And if you think about the last year with your spouse, and if you've been training, and you've been serious, even though you're not perfect, you've been thinking about these things trying to actualize, well you're probably going to be better than last year. You see that? You're probably going to be better than last year, and if you are, that's a huge victory. Amen! Huge victory. (*Applause*)

Yeah, yeah, yeah, give it up! You all don't have to be so shy up in here. All of you Westerners are so shy. I thought Asians were shy, how come all Westerners are all shy? That's why training is so wonderful; over time you get better. This year, better than last; next year, better than this one. See how you're improving. So even though the world is falling apart, which it is, there's macrocosmic judgment, still that doesn't mean you don't train and just loaf around and be scared and be worried.

**Matthew 6: 19-20, 25-29**

Chapter 6. Let's jump down; after fasting is what?

*19 Lay not up for yourselves treasures upon earth, where moth and rust doth corrupt, and where thieves break through and steal:*

*20 But lay up for yourselves treasures in heaven, where neither moth nor rust doth corrupt, and where thieves do not break through nor steal: ....*

**Stop Worrying! Let's Pray!**

*25 Therefore I say unto you, Take no thought for your life, what ye shall eat, or what ye shall drink; nor yet for your body, what ye shall put on. Is not the life more than meat, and the body than raiment?*

*26 Behold the fowls of the air: for they sow not, neither do they reap, nor gather into barns; yet your heavenly Father feedeth them. Are ye not much better than they?*

*27 Which of you by taking thought can add one cubit unto his stature?*

*28 And why take ye thought for raiment? Consider the lilies of the field, how they grow; they toil not, neither do they spin:*

*29 And yet I say unto you, That even Solomon in all his glory was not arrayed like one of these.*

See, God CLOTHES all the lilies in the field. Solomon was not even close to that. So, what is this whole section about? STOP WORRYING! In order to stop worrying, what do you got to have? You got to have what? You got to have FAITH. Amen! You got to TRUST in the Lord in all your ways. You've got to have FAITH. You've got to BELIEVE. You've got to TRUST. Then you don't have fear. Are you with me, folks?

Then, what is a perpetual worrier, a neurotic worrier, supposed to do? They're supposed to stop worrying, but not only just stop worrying; they're supposed to be telling themselves, "No, no. no. Believe. Have faith. No need to worry. Have faith." Right? King, when your queen is worrying- because moms, they have to worry about the baby's safety, and the next generation's safety, so they worry more than daddy. Is that true? So, when mommies are worrying, daddies, we got to lead. That's when we say, "Don't worry, baby. Let me pray for you." Take that whole thing off the worry, bring it back to prayer. That's where your priestly role comes right now.

Is that a habit you have in your training? Uh-uh? Then you got to build that training. You see what I'm saying? When your queen is worried, "Come here baby, let's pray. Let's pray. Let's breathe faith and word into this." You got to get into the habit of praying together. Ask HER to pray after you for your children. You got to turn the attention AWAY from the worry. That's called the scatterbrain; that's called a monkey in the mind that's always trying to GRAB on everything. You got to STOP that because there's not a real monkey in the mind; it's an illusion. You got to STOP that monkey in the mind and you got to FOCUS it on what? "*Thy Kingdom come; Thy Will be done.*" Amen!

So, when we are worrying and anxious and if mom is worried, okay daddy, you got to pray. You see, you got to speak word. You got to get in that habit. Our houses have to be a house of prayer, and look, you don't have to be perfect at it. You don't have to do it every time, but when you notice it come up, *"Oh, let's pray."* It's a great opportunity to pray, *"Hey, let's pray!"* Because, you know what? Maybe daddy needs that prayer too; maybe daddy's worried more than mom but he doesn't say it. Moms, do you ever think about that? Huh? Maybe your husband worries MORE than you but he doesn't say it because he's responsible for all of you, including all the kids.

That habit is a training. That doesn't come naturally, because when somebody's freaking out about something, the man just wants to say, *"STOP freaking out! STOP freaking out! What???..."* The natural way is, *"Will you just STOP that? It's not helping anything."* But girls who have not had a father raise them up above that worrisome habit, they have a habit to worry and then they want to express the worry; that's how they release that worry. But many times, if the daddy was there, he was guiding them, then they would not have that habit as much. So then what happens? The husband has to be in the father's position and help raise that wife. You see? But you don't do it by freakin' out too. Amen! You do it by, *"Okay, it's a great time to pray. Let's pray, baby."* That's training.

That's the wonderful thing about training. See, training is there and then life happens and you have to respond to life, but you want to respond to life with what you've trained. Amen. You don't want to respond to life with what you learned from this or that person or that bad influence. You know what I'm saying? We want to respond to life the way we're being trained by God to respond to life. Amen.

Then we're going to have a totally different result because guess what? Just by inviting the spouse to pray, the environment has already changed. Now there's a focus on God instead of just, *"Oh my gosh, oh my God, oh my God, oh my God!"* But for people who say, *"Oh my God, oh my gosh!"* these are just words. They are only saying, *"Oh my gosh."* They're really not thinking about God. Isn't that funny? That's real lip service. They're not thinking about God; they're thinking about, *"Oh my gosh, oh my gosh, oh my gosh, oh my gosh! What's going to happen? What's going to happen? Oh my gosh, oh my gosh! What's going to happen? What's going to happen? Oh my gosh, my children, my children, my children! Oh my gosh, oh my gosh! She's going to think bad of me. Oh my gosh, oh my gosh, oh my gosh! I'm going to be..."* "Oh, come on! You want to get off that and bring it back to the center, bring it back to the house of prayer.

### **Matthew Chapter 6 Training**

That kind of training is very important. Now, the husband has the role of king and priest; that means, husbands, we have to fulfill that role. Look, it's not a habit in the beginning; it's not. Trust me; it's not. You have to BUILD it into a habit. It takes decades to build it into a habit to respond to daily life. Just like the Moodo training, the martial

arts training, it doesn't happen overnight. You train and then when there's a situation, you're able to respond better. You're responding to LIFE that's just happening, *"Oh crap, I've got to go."* You've got to respond to that situation. But again, that's why you have trained. The training is preparing you for that situation BETTER than if you're not trained. Amen?

You see what I'm saying? So, this kind of spiritual training, this doesn't get us saved, but it increases our quality of spiritual life, quality of normal life, familial life. Why? Because we're bringing prayer back into our life in a very powerful way, and if your queen is a godly woman she wants to pray anyway. She knows she shouldn't be worrying all the time. She wants to pray about it; that's why she needs to lean on the priest. The priest has to lead the evangelist in prayer; he has to help contextualize what the heck you are doing in this world together, because people forget very quickly. Amen! We forget on a day-to-day basis, don't we? We need to be reminded right?

That's why training is so important. Again, you don't have to be perfect. That's a great thing about training; you don't have to be perfect. But by doing the training, you become BETTER slowly, and one year later, you already are picking up a totally different habit. Now you're responding to your environment; you're responding to life situations totally differently because now you're putting in Matthew chapter 6 training.

Husbands, when you're praying for your wife or your children about worrying, then remind them in the prayer, *"Father God, You said in Matthew 6: look at the beautiful lilies in that field, not even Solomon in all his beautiful raiment was as beautiful as you. So, we should not worry, we should not live in the spirit of fear, but in faith and with power, love and a sound mind. Hallelujah! Thank you, Father!"*

You see? You see how IMMEDIATELY that changes the spirit; IMMEDIATELY the spirit is changed even by you listening to that. Why? Because faith comes by hearing. Hearing what? Hearing the Word of God. That's what the Bible says. Faith comes to you by hearing. If you're the husband, you are the king and the priest of the home; you have to be preaching the Word of God in a way that is impacting your congregation, your kingdom, for God's will. Amen.

Now these are people you live with; these are not just people you see on Sunday and then they go home, right? These are people you live with so you have to also be sensitive and not over preach. If you over preach, now you're going to get into a couple of fights. I guarantee you. You got to be able to have the right balance because if you're going to pull out some scriptures, SHE is going to pull out some scriptures. Okay, now you got denominations brewing up in your house. So, you don't want to overdo it, obviously. You got to be wise about it. Don't be foolish; be wise. Don't take things to the extreme. Be wise about it. Be wise as serpents, peaceful as doves. Be wise about it. Don't overuse it, but build habits. You see what I'm saying?

Even with absolute sex and romance in marriage, then you have some couples, like the dad, he wants to have sex with the wife, which is normal, okay? That's obviously normal. Men have very strong sex drive. That's what God gave us. There's nothing evil or wrong about that; it's totally natural and it's beautiful. That's supposed to be directed towards your wife, not anybody else.

Now, there have been many husbands that come to counsel and they say, *"Well, you know, Father's Word says we have to have absolute sex whenever the husband ..."* whatever the case may be. They will pull this out of context like this. They won't mention what Father said about the husband, what he has to do. But the husband will be using Father's words to say, *"That's why you my wife, if you're faithful to Father you have to have sex with me when I want, now."* This is very foolish. This has nothing to do with romance or with the heart.

In the very same chapter, Father is CASTIGATING the men saying, *"You have to be a man that brings joy and fun to the home as well."* Did they ever mention that? That's mentioned in the same dang chapter. Huh? They always forget that part. We don't want to do the Scripture to force the behavior of others. We want to do it so that, for example, if your queen is worried about the future, which is normal, well, you can pray about it in a skillful way. The kings understand what I'm talking about, right? You do it in a skillful way; you build that habit.

So, this whole chapter of Matthew 6 is talking about the internal nature of training and practice fasting or praying training. Not in the external way to show off but in the internal direction of prayer, and also in all different types of spiritual training we should do with that mindset. Amen. That mindset.

The Word of God divides between the wheat and the chaff, and it divides between the bone and the sinew; it penetrates into the heart. So, when it's pulled out and it's done sincerely, not in order to just get your way, but when it's done sincerely with truly the object in mind- your wife or children or whoever you're praying for- in mind truly, truly, sincerely, the spirit can feel that.

### **Sinners Saved by Grace**

Now if you have a whole situation of, *"Well, we never pray for each other. For thirty years we've never done this and we have all these things. I'm angry at him because of this and that and I don't want to even sit down and pray with him."* ALL RIGHT! Let's just stop right there.

Let's first admit BOTH are sinners, BOTH have made many terrible mistakes. NEITHER one of you is perfect. Amen. You got to start there; from the very beginning we start as sinners before God. We are saved by grace, God's blood, sacrifice, True Father's prisons, and the death tortures that you saw; all these terrible things were for us. We got to stop this, *"he did it...."* Both sinners. Both sinners. Both sinners. Neither one of you is perfect.

Amen. Neither one of us is perfect. We are sinners before God. We are not perfect. We have made many mistakes. Amen!

THAT's very important because now, NOW, there can be actual beginning of prayer; now prayer can begin. Prayer's not going to begin with, *"I am the perfect one, you are the sinner."* (Laughing) No, no, no. That's the beauty about being honest with God. We know how many terrible thoughts, how many terrible actions, how many different words we've said against God, against His will, against things that He loves; how many times we've praised things that He hates. We've done sins that He hates, all these things. EVERY single one! NOBODY is clear from this. NOT one!

With these second-generation arrogant Pharisee ministers I started teaching this real BASIC thing that you are not perfect and that not only am I True Father's son, I'm a true child. I'm not only just a blessed child, I'm a true child. But not only a true child; I am that child that Father selected as his heir and successor, so I'm above ALL the ministers. I am the priest to all the priests and still I say, *"I have sin."* Why is that hard? Why is that hard? How is that hard to say? If you're just honest, it is true.

There were times I hated God. There were times that I cursed God. There were times I didn't want to believe in God. All these things are sins. Was I banging chicks and doing drugs? NO! But I was rejecting God; I did not want to have anything to do with Him. I hated Him. That is a sin. I was not smoking, I was not drinking, doing drugs; all that kind of stuff that we're not supposed to do, and I was not fornicating with girls. BUT in my heart, I was angry at God; I hated Him. That is a sin.

So, why is it hard to admit that you have sinned? This is what I was telling, these freakin' arrogant Pharisee blessed kids, these ministers. They were SO offended by that, because their whole freakin' life they'd been told, *"You're blessed children, you have no sin."* These people were worshipped FALSELY! A whole generation of people worshipped these ARROGANT blessed children FALSELY, making them idolize themselves. They didn't even worship Christ, they worshipped THEMSELVES! It was RIDICULOUS! It was the most disgusting, despicable, low-level thing that I had to witness. It was horrible, because it showed that even the ministers were not even at the level of the BASIC preacher. Give me a freakin' BREAK! How are you going to do it? You are LITERALLY what Matthew 6 is saying not to do. It was nuts.

They were SO OFFENDED! You don't understand. HUNDREDS of these arrogant "second-gen" ministers were so angry that I was taking away their idolism which was them. I was like, *"Why are you angry at me? It's literally the truth."* And it's not like I'm just saying, *"YOU admit you're a sinner."* I'm literally saying that not only as a blessed child but as Father's true son, a true child, AND his successor, AND the international president of every freakin' providential organization that he may have, AND his crown wearer, I still have no problem saying I sinned before God. Why do you have a problem

with it? You know what I'm saying? It was ridiculous. It was so ridiculous, mind-blowing ridiculous. But you see, this is what happened; they became an idol to themselves, and this is what religion can do.

This is why it's always so important to remember, *"No, I'm a sinner, you're a sinner. Baby, you're a sinner, I'm a sinner too."* We start there; we start by repenting before God. Amen! And when you both start there, now there's leadership coming. So, *"Okay, for thirty years this and that has happened and now we don't even sleep in the room together."* Well now you got a lot of issues to work through. You got a lot of issues to work through, but you got to start somewhere, and that somewhere is not just in the rooms. If you're just forced to sleep together with all those thirty years of animosity, it's not going to really work.

There has to be a change of the spirit, that has to come by realizing what? That repentance is changing the heart and mind. Admit, *"We have sinned before God."* Admit your sin before God. Apologize to God. If you can't apologize to your husband, first apologize to God; if you can't apologize to your wife, first apologize to God. Hey, it's better if you do it together. That might be the beginning of the crack of the dam; the idol dam that both in this couple have created, and now they're literally living in different rooms. They become Israel and Palestine in the same house. What's going on? They have created a wall that shouldn't be there. You understand? This happens literally. We've had to deal with couples like this.

So don't let it get down to that road, obviously. Those are sad situations, but many times that can be changed. The next year we go back and see, *"How's your couple doing?"* Well, they're better than last year. Why? Because they've started the practice, *"You're not perfect, I'm not perfect. I'm not perfect, you're not perfect."* It's easier to say, *"You're not perfect, I'm not perfect."* That's easier, right? It's hard to say, *"I'm not perfect, you're not perfect."* But, say it both ways. Say it both ways. Start with the easy one first, then the second one; you can work up to the second one.

### **Father is Watching You**

But that's what prayer life does, prayer life starts bringing the couple into a remembrance of *"the Father is watching your frog ashtrays."* Huh? He's WATCHING you. You don't just call him in like a butler. HE WATCHES you; he sees you. He's not a butler, *"Bring me my wine now. Bring me some joy"*. NO, no, no, no. NO! The Father 's already in your bedroom and you cannot get rid of him. Amen.

That's what it's about. We don't sin because we have a consciousness, an awareness of the Father. We are consciously aware, oh, He's in the room. When nobody's watching, Father's in the room. You see, that's what the whole Matthew 6 is talking about. It's having this consciousness that the Father is in the room; He's in the room. And I'm not just saying this; I literally feel His presence. That's what a deepening of the relationship

means; that you literally feel His presence. He literally starts stabbing your conscience. Bam! You're lusting up after another female? Bam! He kicks you in the balls. You feel it. You feel his presence. Amen?

### **Adam Culture & Strong Power Against Sin**

One outside guy who's writing on Instagram said he's been donating to Craig Sawyer's <https://vets4childrescue.org/>. He's trying to alert the community or report these child pornography sites on Instagram or Facebook, whatever. He's been doing that, but he said he's seen so many terrible images, so, he says, *"Oh my gosh, I feel like I am becoming demonic."* He wrote me, *"Pastor Moon, I need prayer; please pray for me."*

Then, I literally wrote him, *"Father God, KICK us in the balls. Right now. KICK. BOOM! Kick us right now. KICK us like a good father!"* I literally wrote a prayer like that for him; I'm not joking. That's how you got to do it. He wrote back and said, *"Pastor, thank you so much."* He was so thankful. Seriously. And the girl's like, *"What the heck kind of prayer was that?"*

*"Baby, you don't have to understand, okay? Just trust me; it's the right type of prayer."*

Oh Lord! But it really helped him, really helped him. Isn't that incredible? It becomes a weapon. Because you know guys, if we even think about a kick in the balls we feel pain, just even the thought of it.

So, because of that, even the fact that it was in the prayer, it immediately brought him back into his responsibility OVER his body tactilely. He has to be responsible for his body now, immediately; it brought him back out of the spiritual land, brought him RIGHT back to reality, *"CRAP, I've got to be responsible!"* And he wrote back, *"Bro, thank you so much for that prayer; I feel that prayer."* I said, *"Stand STRONG brother."*

But see, how much it would benefit the New Testament church to pray like this? Seriously! All their prayers are too feminine many times. Sometimes you got to be quite... You know what I mean? That's why the Completed Testament church is different. The Adam culture has come. So, it's not only about the soft loving heart, but it's also about the STRONG power against sin, strong power against sin. Amen! Amen!

### **2024**

So this is an incredible time. 2024 folks, is coming up now; it's going to be a crazy year. Please join us for the prayers on the MAGA rallies that are coming up. It's going to be insane. There's probably going to be BLM, Antifa, Palestinians rioters; all those things that are now morphing with BLM. There are different groups that are coming up to sow division this year. There's going to be all sorts of craziness going on.

You look at many historical modern cases and see that civil wars usually define an ending of a major empire. It usually starts bursting into a civil war and then of course it makes you more vulnerable towards invaders and all that. So, we REALLY want to avoid civil war, amen? We really, really, really want to avoid civil war. We really do.

Now, if it's Father's will that America has to go through that and the whole world has to be reset in some way, then it is. But at least we pray for God's Will to be done and we do our 5%, so we fight hard to prevent that. Because we know that Father ALWAYS fought against political Satanism and he supported certain candidates throughout his entire ministry. Many of you were involved in that with Reagan, with Nixon and "Forgive, Love & Unite". Remember that whole Nixon scandal? I mean you guys, the first-gen you've been doing that for how many decades? Many, many, decades.

### **In Completed Testament Culture We Fight and Punish Evil**

That's also a difference between New Testament church and Completed Testament church. In the Completed Testament church, the Adamic Lord of the Second Advent, the Christ figure is here, so his culture, his will is going to be the center of providence.

It's not just going to be, "*Just wait, it's okay; just wait, don't do anything. Jesus is coming, just wait; the rapture is coming!*" No. Oh Lord, this has killed the New Testament church; it has killed it. And what has it become? It's allowed all the wicked and evil things to take ROOT in America and destroy the ENTIRE civilization of the West which used to be Christian, but now it's pagan and now it's promoting PEDOPHILIA. We're now Satanic, literally.

So, we've got to FIGHT back the curve. We've got to FIGHT back culturally; that's why we're fighting all the cultural elements. We're fighting back culturally. We do it through street witnessing, we do it through the Rod of Iron Freedom Festival, through the music concerts, we do it through music, arts and clothing, we put out messages. Everywhere we go, we testify in all these different ways about the Kingdom, and that now we can't just remain in this weak New Testament church mentality; we HAVE to confront the wicked waves that are coming.

If you know the Completed Testament age, the constitution, if you know the Lord of the Second Advent, your life will be transformed.

You'll start fighting for your family because you'll become a blessed family.

You'll start fighting for kingship because you'll become coronated as a king and queen.

You'll start fighting for the constitution because it protects the world.

You'll start training because you understand "*Love God, love your neighbor,*" and Peace Police-Peace Militia is EVERYBODY's responsibility.

A TOTALLY different culture has come. Not only theology. From there is emanating an entire culture, a culture of strong, faithful, loving, good people, who are also very dangerous against evil and that will not tolerate the wickedest of evils. Who will stand up against it and fight it; punish it, bring justice against it. All these things are critical elements of the Kingdom. Amen!

### **Training & The Rod of Iron Kingdom Culture**

So, 2024 is fixing to be a SERIOUS year, folks! This is a year when all our families from across the world will be coming to America to pray and to join us in those MAGA rallies; to join us at the shooting range when we go out competing. That's a testifying team as well, right? Going out there showing the Rod of Iron Kingdom culture and making friends and networks and witnessing, all that is just natural relationship building. Amen! But at the same time showcasing our culture as well.

And through those things we wish and we hope that people would be saved not only saved for their afterlife in eternity but also that they be saved from Satan's blood on the earth and receive God's lineage, God's blood. (*Applause*) Then receive God's family, receive God's marriage covenant and then take care of it. Amen! Take care of it, train, up our level all the time, be EXCITED about training.

That's why it's important to be around other people who are training. One thing about that is if you're training seriously, guess what? Your children as they grow, as they've learned so many things and unlocked so many epigenetics with their parents, they want to remain near the parents because the parents are training.

My kids still get excited even though I'm injured and all this stuff. They see me doing push-ups, jumping in the cold water, ice bath, all this; they see daddy doing that stuff, and they're like, "*Dang!*" I don't have to be doing that but I do it. I like the pain of training because I've been doing it all my life and it's helped keep me healthy and grounded, and it's helped me build back my strength little by little even though it's a process.

But they like being around that atmosphere of Mommy and Daddy training. Mommy's out there every day; she is doing training, too. That's very inspiring. Your kids want to be around you because you're inspiring people. You see what I'm saying? Everybody wants to be around people who are pushing themselves, because they know if they push themselves, they can get better. Amen! That's a wonderful culture.

That's why in the Cheon Il Guk culture, we also root for one another. Blessed families got to root for one another. We won't be jealous of one another or be envious. No. We ROOT for one another. When one of the families has a beautiful spouse or date training, they post it on Instagram or Facebook, "*Whoo, wee, clap emoji, okay emoji, "Whatever. We*

encourage one another. We say, *“Good job, you go! So cute, go, go, our kings and queens.”* This is what we do; we encourage one another.

WHY? Because we're on the same team. We're on the same Peace Police-Peace Militia. Peace Police-Peace Militia is only as strong as our families are strong, and it's only as cohesive and connected and as one team as we are actualizing that for one another. Amen! That's why that kind of culture is so important. When you get blessed, you've got to encourage other couples that are training, and those couples encourage the new blessed persons that are training.

This cycle of ROOTING for one another, PUSHING one another, ENERGIZING and MOTIVATING one another to be better Peace Police-Peace Militia *“Love God, love your neighbor”* TRAINING! Then that bleeds out into getting your parenting training. It's going to be great for your children. What a great gift. Get into this and that training. What a great gift that's going to be for your future.

### **The “Thank You Father” Training**

Even though in 2024 we're fighting on the macro, at the same time we have to still be doing the internal training too. Every day you push yourself, every day you get your hundreds in, every day you read your Scripture. But you're not doing it in front of people to just get praise. We're doing it as something to say thank you to God, *“Thank you, Father. Thank you for giving me this body.”*

I find myself complaining about my injuries and my blown-up knee, blown-up rotator cuff which still slips out sometimes, *“HOLD on now, BOY! THANK you, Father!”* When I get the pushups and I feel my shoulder popping, I just take it real slow, *“OK. Thank you, Father!”* And then slowly building back; slow. It takes time; slow. But whatever I can do, *“Thank you, Father. Thank you, Father!”* That's a good training. It's like you have to train your mind to do that. It doesn't come naturally; that's part of the training.

2024 is going to be a crazy year. Please pray for the whole macro but also please pray for micro and one another. We've got to be stronger this year. We've got to be healthier this year; immune system, gut, all this corona craziness coming back to attack our immune system and all that. Be stronger. I always remind my kids, *“Kids, come on, jump in the water with Daddy.”* Cold water plunge training because it BOOSTS your immune system; 250% increase in dopamine and hormones in your body. That's as much as cocaine. Does it hurt? It HURTS, boy. It hurts, especially when it's below freezing. Whoo! It hurts. It hurts. It hurts, but it's a good type of hurt.

You push mentally and that builds your mental strength; it's part of your training, part of your prayer life. And then that creates and increases EXCITEMENT in your camp because you as a leader are out there, training as much as you can, and that brings

excitement to your camp to people who say, *“Oh man, I've got to be motivated, I've got to do it too. Hold on, hold on, I forgot to do this today.”* It gets them motivated. That's why people want to be around people who are training. That's why it's EXCITING to be around people who are training. Amen. Nobody's got to tell them to train; they're already doing it, and just by osmosis, everybody else is like, *“Man, I got to do something.”* In a good way it builds a healthy pressure to get into training.

### **Please Pray**

We have so many things to do in 2024 on the macro and micro, but we must not forget we must stand strong because this year is the big year, folks. This is the critical year for the axis of the entire world. As we mentioned billions of times if Trump doesn't get in, we are facing total tyranny worldwide. It's not a joke. We all lived through it through COVID insane totalitarianism. That's going to come with larger and larger scales as a flood; it's going to be bad.

So, with all the cheating and all that, can Trump get in? Who knows; we leave it up to God but we got to be FIGHTING for God's Will. Amen! Maybe that's what God needs; maybe God just needs people of faith who stand with Him and stand for Him, EVEN though all the odds are against; those who believe and then the kingdom can come. It can come incrementally.

So, this year is an intense time. Please pray for one another. Please pray for us. In January, in just a couple of weeks, we're going to be heading to SHOT Show. So please pray for us then, for more kingdom build up and expansion with different networks etc. May all people be touched who are also coming into contact with the Freedom Festival that we're preparing already this year. In June, we'll be supporting a local Freedom Festival in Tennessee. More information coming down the pipeline on that. And of course, the 40-MAGA-rally condition which is coming and that's going to be very, very, big. We probably have to be based out of Pennsylvania for that one because most of the swing states are up north. So, for a couple of months, we maybe have to be mostly up in Pennsylvania; probably likely that's going to happen. So, please pray for all those things that are coming down the pipeline. Let's pray.

### **Pastor Sean's Reporting Prayer**

Father God, we thank You for all those incredible things You're doing. We thank You for the study of Matthew chapter 6 today where we understand the internal nature of our external mind-body unity training and practice. Let us have the RIGHT mindset not to show off, not to get the praise of the world, but to ENCOURAGE You, to walk in

Your Will, to conform ourselves to Your desires and to do what YOU want, our Father.

Let our lives completely be subservient and submitted unto You, knowing that You are dwelling within our MIDST, which means in our bedroom. You are seeing everything, and so let us always be conscious of Your presence as we act throughout the day and the year.

Father, we know that 2024 is such an incredible and CRITICAL year for the world.

We know that it is a year of GREAT turmoil and of great potential CHANGE.

Let there be great victory, however Your will is going to UNFOLD.

Let us stand united and strong even though we face GREAT persecution, GREAT tribulation, even death, imprisonment; all those things You encountered.

Let us not live in fear of those things but always let us live STRONG in Your presence and strong in Your SPIRIT that flows THROUGH us with the power of the Holy Spirit.

We want to give You the praise, glory and honor with all those gathered here today. We want to STRENGTHEN one another and ROOT for one another as we build stronger blessed spouses and blessed family relationships and also Peace Police-Peace Militia, *"Love God, love your neighbor"*; strengthening as we support and encourage ONE another for Your Kingdom that is coming quickly to this earth.

We thank You for all the things that You are doing and all the things that are moving in this world and in our lives today, and we give You the praise, glory and honor with all the kingship lines gathered with the Three Generation Kingship. We pray in Your precious name. Amen! Amen, and Aju! Hallelujah. (*Applause*)

Let's all rise and give Father the praise and the glory. Amen!
