You guys can't ask whether or not Teacher has original sin. Would God use a teacher with original sin?

Adam Eve's bloodline did not change until where were 16. Why do you think 16 is important? She didn't fall until she was 16. We're going to connect the lines.

Can you dig deeper and decide for yourselves whether or not I have of original sin?

Heaven has taught me since I was young. I asked if my blood is normal or not, didn't I? You cannot do it. Don't even talk about it. I don't want to talk about it.

When I asked about it, Heaven said that it would not even speak.
