Postcard from Sun Myung Moon to Hyo Won Eu

Dear Mr. Hyo Won Eu

The world tour started today. I stayed one night at the Beacon Arms Hotel in Ottawa, the capital of Canada.

I departed at 6:10 and am on my way to Panama.

Unlike America, the scenery in Canada reminds me of Korea. I am grateful to our members who are working tirelessly for the providence with dedication.

I am writing a short message to you in between my busy schedule.

I plan to return to Korea in mid-October.

I am sending this message from the airport and am praying for the health of all our members.
