The “Dissolution of Indemnity” means to inherit the achievement of True Parents to sons and daughters. This is the authority which Satan can not reach out and disturb.

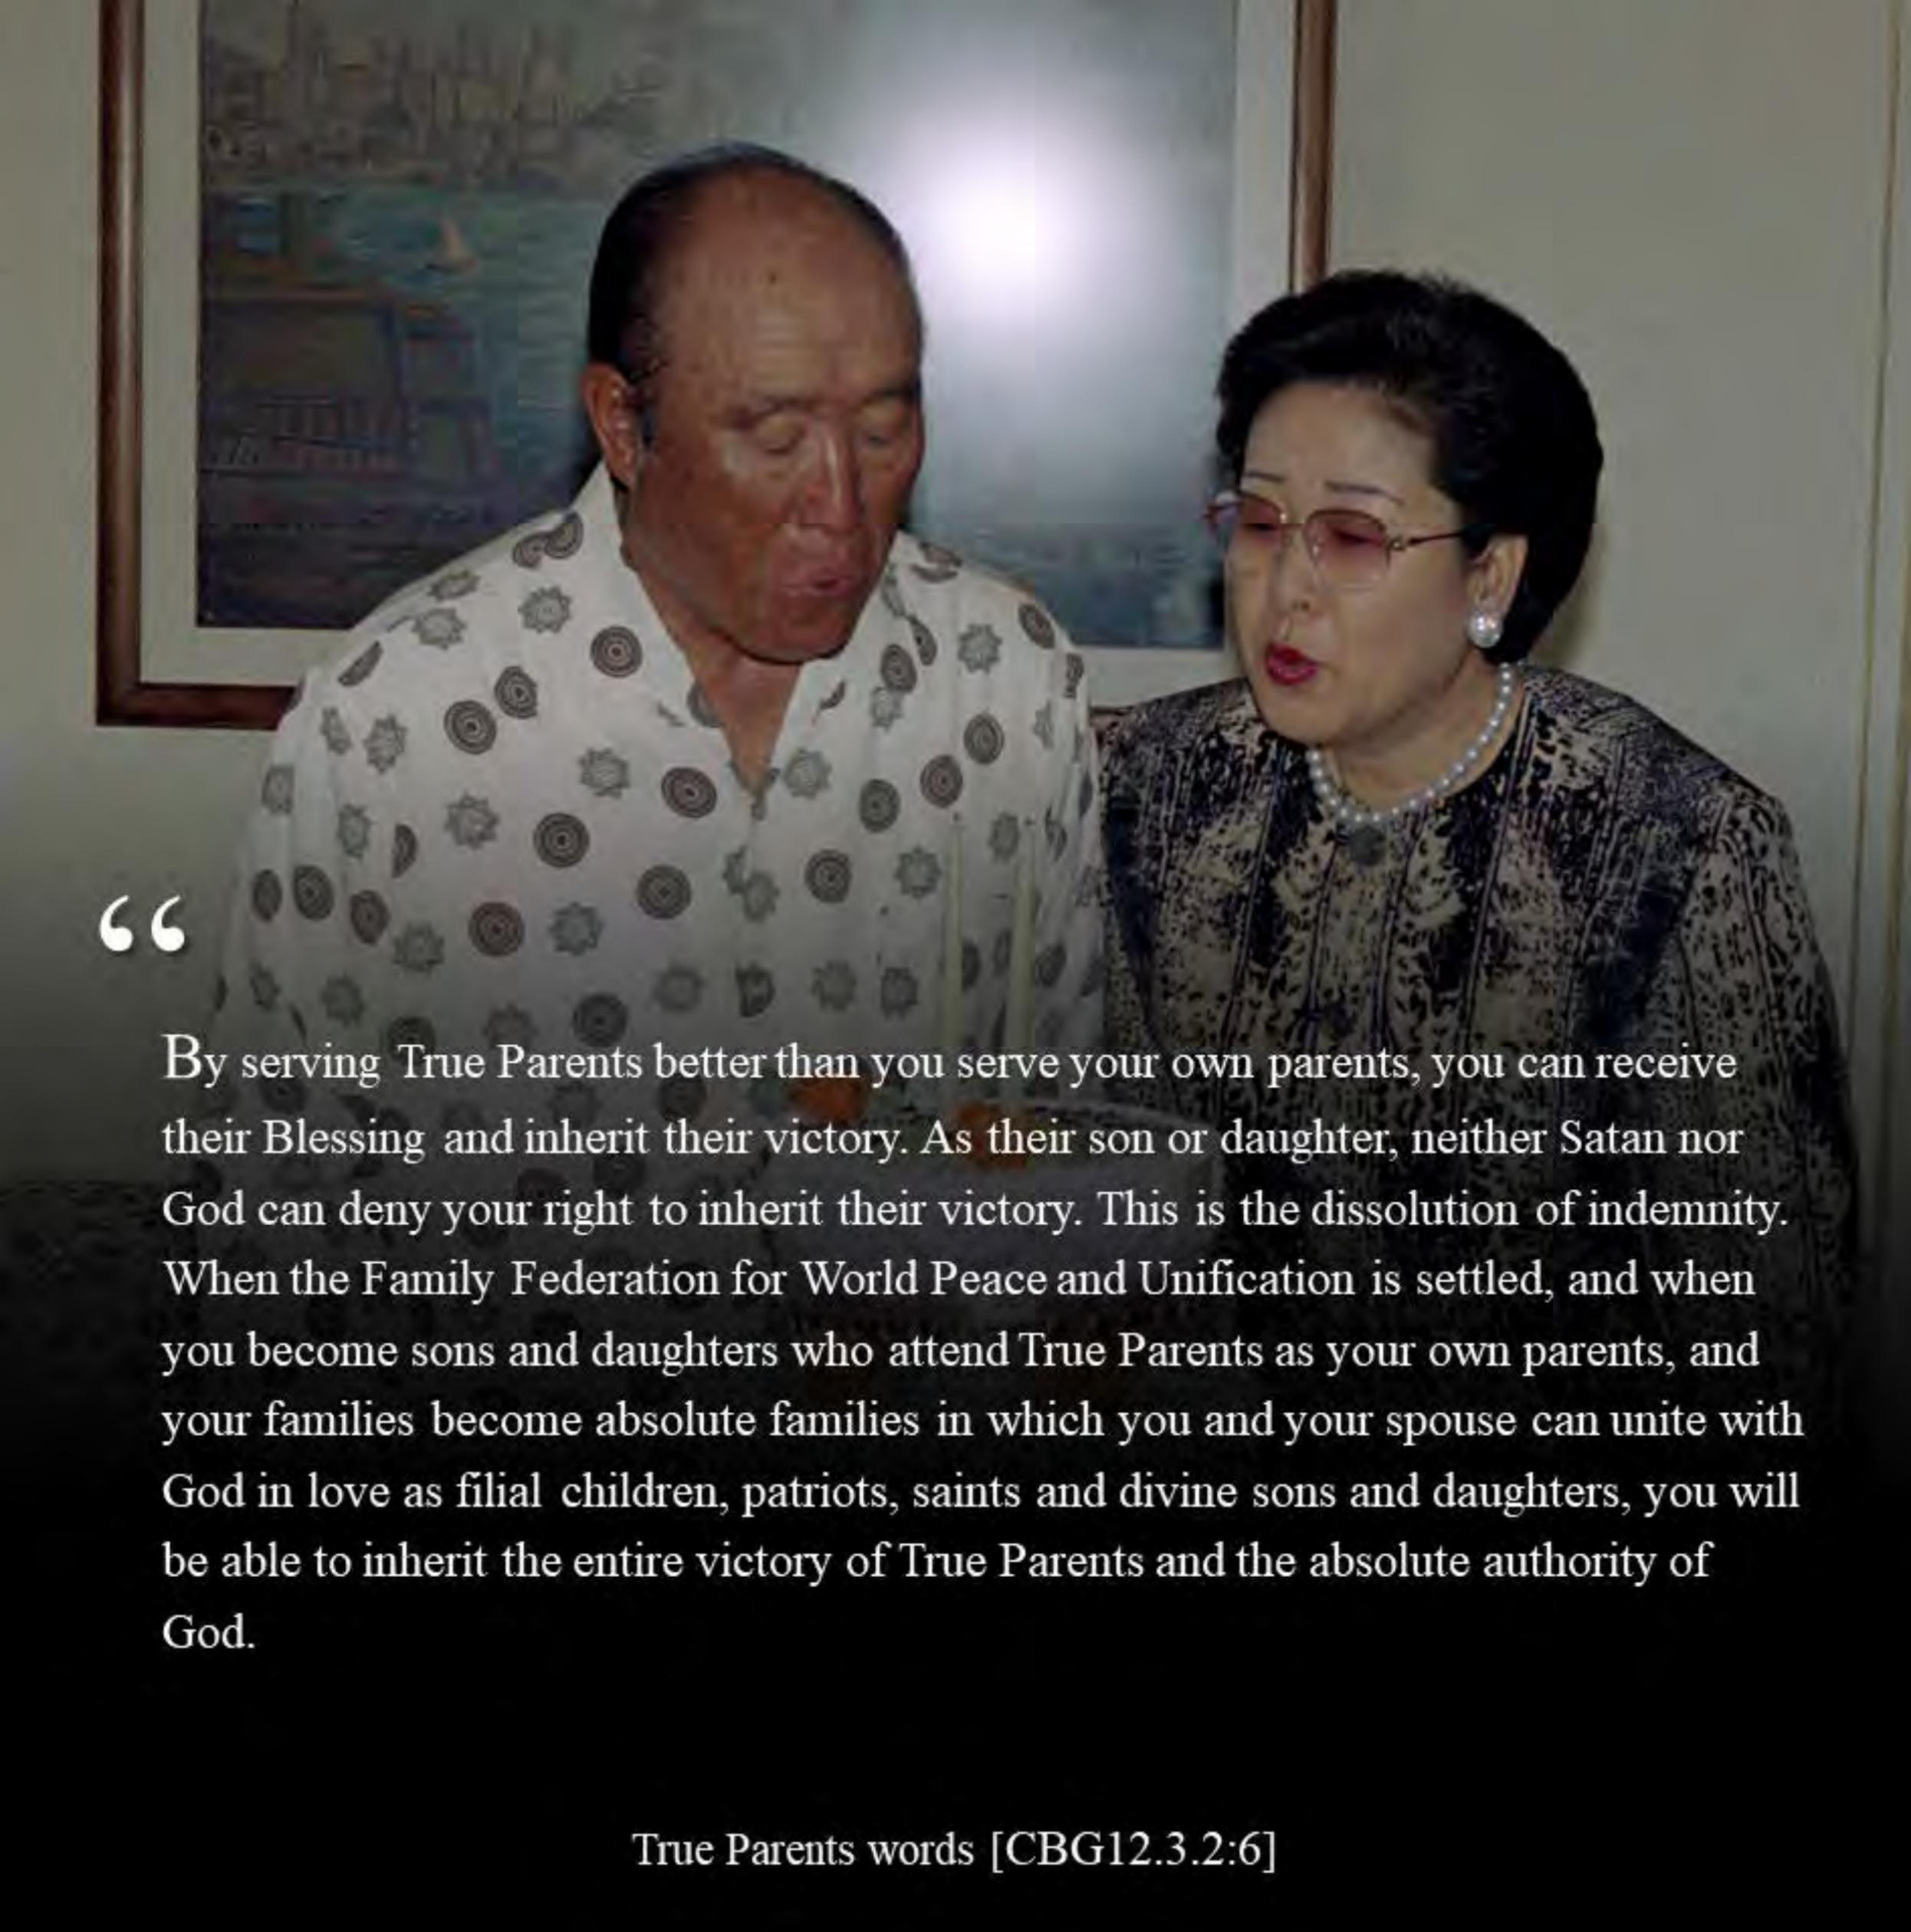

On this day, all stages has been set up to settle Family Federation on 185 nations. Then these nations welcome True Parents as the Parents of Humankind and the citizens can receive the authority to be the Adam Family, Jesus Family, and God's children who indemnify the Christianity fault.

This is the time to change from  
the age of indemnity into the age of creation.

**A**fter True Parents become the creation owner,  
the age of centering absolute faith, absolute  
love and absolute obedience.

“

By serving True Parents better than you serve your own parents, you can receive their Blessing and inherit their victory. As their son or daughter, neither Satan nor God can deny your right to inherit their victory. This is the dissolution of indemnity. When the Family Federation for World Peace and Unification is settled, and when you become sons and daughters who attend True Parents as your own parents, and your families become absolute families in which you and your spouse can unite with God in love as filial children, patriots, saints and divine sons and daughters, you will be able to inherit the entire victory of True Parents and the absolute authority of God.
